Index to Vol. LIX

Electrical Review and Western Electrician

JULY 1 TO DECEMBER 30, 1911

Articles marked * are illustrated; (E) indicates "Editorial."

A

ABolites* ... 283
Accidents and fires, electrical (E) ... 251
Accounting, electric light, by H. M. Edwards ... 729
Accounting, Engineering, report of American Electric Railway Engineering and Accountants' Associations Joint Committee on ... 836
Accounting for electric light and power companies, uniform system of, by H. E. Addenbrooke ... 929
Accounting, general, by C. E. Bowden ... 17
Accounting in small plants, by H. A. Gidney ... 727
Accounting, modern, by John H. Siebley ... 14
Accounting, public-corporation ... 170
Accounting system for electric trucks, by E. W. Curtis, Jr. ... 775
Accounting, uniform, by T. W. Gregory ... 929
Accounting, Uniform, report of Michigan Electric Association Committee on ... 14
Acetylene at the coronation ... 463
Advertisement, graphic Commonwealth Edison* ... 689
Advertising by moving pictures ... 434
Advertising, central-station ... 85
Advertising, central-station, by Glenn Marston ... 16
Advertising, co-operative electrical ... 206
Advertising device, unique* ... 804
Advertising displays, educational ... 1243
Advertising, electrically illuminated sign, by L. D. Gibbs ... 525
Advertising for industrial business in New Orleans ... 1243
Advertising in Boulder, Colo., street-car ... 525
Advertising page in Cleveland, additional co-operative ... 787
Aeroplane joints, welding* ... 648
Aeroplane tests, electric devices for* ... 463
Aeroplane, wireless from ... 426
Aeroplanes, wireless on ... 382
Aeroplanes, wireless telegraphy from ... 891
Africa, wireless in ... 892
Agriculture, use of electrical power in, in England ... 232
Agricultural communities, central-station service in (E) ... 1266
Air compressor, new* ... 1050
Air, dielectric strength of, and law of corona, by F. W. Peek, Jr. ... 61
Air, electric strength of, by John B. Whitehead ... 61
Air heater, Usco ... 389
Alabama's coal production ... 829
Allen, Brigadier-General James* ... 1021
Allentown (Pa.) Portland Cement Company's plant, motor installation in ... 1138
Allis-Chalmers Company, plans for financing ... 1249
Allis-Chalmers Company to supply motors for Panama Canal ... 1148
Allis-Chalmers Company, reorganization of ... 1270
Alloys, hysteresis loss of Heusler ... 845
Alloys, non-corrosive ... 134
Alternating-current circuits, reactance in, by Charles P. Steinmetz ... 916
Altoona (Pa.), objectionable sign ordinance repealed in ... 1187
Aluminum busbars ... 333
Aluminum, Continental and American production of ... 630
Aluminum, electroplating ... 480
Aluminum field coils for traction motors, use of ... 120
Aluminum for busbars ... 637
Aluminum furnishes new abrasive ... 802
Aluminum, production of ... 587
Aluminum, solder for ... 1147
Aluminum traction coils ... 1256
Aluminum, use of (E) ... 107
Aluminum versus copper in electric power transmission, by C. H. Palmer ... 523
American Electric Fuse Company to continue ... 204
American Electric Railway Accountants' Association, convention of ... 833
American Electric Railway Association, convention of ... 620, 718, 766, 833
American Electric Railway Claim Agents' Association, convention of ... 833
American Electric Railway Engineering Association, convention of ... 835
American Electric Railway Engineering Association, meeting of Committee on Standard Equipment ... 110
American Electric Railway Manufacturers' Association, convention of ... 839
American Electric Railway Transportation and Traffic Association, convention of ... 837
American Electrochemical Society, convention of ... 666, 681
American Engineering Company ... 134?
American Institute news ... 452
American Institute of Chemical Engineers, convention of ... 668
American Institute of Chemical Engineers, semi-annual meeting of ... 4
American Institute of Electrical Engineers, annual convention of* ... 4, 54
American Institute of Electrical Engineers, annual convention of (E) ... 49
American Institute of Electrical Engineers, appointments ... 1220
American Institute of Electrical Engineers, brief on water-power development ... 1175
American Institute of Electrical Engineers, Chicago Section, joint meeting with Electrical Section, Western Society of Engineers ... 820, 916, 1126
American Institute of Electrical Engineers, Cleveland Section ... 918
American Institute of Electrical Engineers, Fort Wayne Section ... 633
American Institute of Electrical Engineers, Los Angeles Section ... 822, 1068, 1116, 1345
American Institute of Electrical Engineers, Schenectady Section ... 1116, 1164
American Institute of Electrical Engineers, 264th meeting ... 826
American Institute of Electrical Engineers, 265th meeting ... 1028
American Institute of Electrical Engineers, 266th meeting of ... 1127, 1236
American Institute of Electrical Engineers, Washington Section ... 777, 1068
American Manufacturers Export Association, convention of ... 718
American Peat Society, convention of ... 558
American Physical Society, meeting of ... 1171
American Society of Heating and Ventilating Engineers, convention of ... 134
American Society of Mechanical Engineers, annual meeting of ... 1022, 1127, 1234
American Telephone & Telegraph Company gains ... 1299
American Telephone & Telegraph to do less construction ... 35
Ammonia, effect of, on nickel-plating solutions ... 694
Among the contractors and supply men ... 34, 185, 387, 481, 601, 697, 797, 945, 1049, 1145, 1249
Amusement parks, new departure in decorative lighting of, by G. A. Barker* ... 1002
Appalachian Company closes power contract ... 986
Apparatus for 100,000-volt service, commercial electrical, by Stephen Q. Hayes* ... 871, 919
Appraisals, depreciations and (E) ... 155
Appraisals, responsibility of electrical engineers in making, by H. M. Byllesby ... 55
Arcing ring, Nicholson* ... 854
Arc lamps, how Rockford Company uses old ... 1291
Arc lamps of high illuminating efficiency, new inverted luminous* ... 1347
Arc-light equipment for Chicago ... 302
Arc posts for Philadelphia, twin ... 302
Argentine Republic, trade-marks in ... 1190
Arrhenius, Svante August* ... 157
Art galleries, direct-indirect lighting for ... 990
Asbestos ... 603
Asbestos manufacture ... 1198
Association of Edison Illuminating Companies, convention of* ... 686, 728
Association of Railway Electrical Engineers, convention of ... 500, 820, 1031
Atmospheric phenomena and their relation to the production of over-voltages in overhead electric transmission lines, by G. V. Adendorff ... 931, 983
Australia, railway electrification in ... 694
Australian Institute of Electrical Engineers formed ... 1077
Austria-Hungary, water-power development in ... 576
Austrian incandescent lamp trade ... 583
Austrian Technical Museum ... 409
Automatic Electric Company sells British rights ... 1299
Automatic telephone exchanges in Texas, new ... 1047
Automatic telephone system, Chicago's new* ... 1223
Automobile exhausts, poisonous ... 1170, 1233
Automobile in record run, electric ... 437
Automobile instruments* ... 188
Automobile lamp delivery in Rochester ... 638
Automobile lighting circuits, cable connectors for* ... 238
Automobile lighting, use of electricity for* ... 655
Automobile trade in Chicago, fall opening of ... 777
Automobile, wireless messages from ... 383
Automobiles, electric lighting of, by A. G. New ... 270
Automobiles, gasoline, menace public health (E) ... 1163

B

Bakers' ovens loaded by central station, electrically heated ... 1186
Bakery, electric power in* ... 794
Baking oven, municipal ... 123
Baking oven, municipal (E) ... 107
Baling presses, motor-operated ... 182
Ball & Wood Company, receiver for ... 108
Balloon, wireless station on ... 1046
Baltimore & Ohio Railroad, telephones for ... 389
Baltimore lighting rates reduced ... 320
Baseball, Baltimore and Brooklyn lighting companies play ... 358
Baseball title, lamp manufacturers capture ... 1201
Batteries, connector puller for disconnecting cells of vehicle* ... 999
Battery economy, by E. E. George ... 1343
Batteries, electric-vehicle, by Bruce Ford ... 729
Batteries, report of Association of Edison Illuminating Companies Committee on Storage ... 729
Battery-charging plugs and receptacles* ... 142
Battery, effect of low temperature on alkaline storage, by W. E. Holland ... 776
Battery, new dry storage ... 1199
Battery, new moisture-proof dry ... 288
Battery practice in central-station companies, vehicle, by S. C. Harris ... 783
Battery, Star dry ... 1099
Battery truck crane* ... 1051
Battle Creek, Mich., new plant for ... 1338
Battleship equipment to be furnished by Diehl Manufacturing Company ... 1102
Bellini-Tosi directed-wave system of wireless telegraphy, new developments in* ... 27
Bell ringer, new Packard* ... 603
Belts waterproof, making ... 804
Benko cell* ... 186
Berlin, electrification in ... 33
Berlin, telephone expansion in ... 695
Billboards, illuminated* ... 747
Bins, steel, aid in fire protection ... 143
Birmingham, (Ala.), new lighting rates proposed for ... 1187
Bissell salesmen, convention of* ... 607
Block signal committee meets, Indiana interurban roads' ... 668
Block signal conference in Indiana ... 1143
Block Signals for Electric Railways, report of American Electric Railway Association Joint Committee on ... 835
Block system, station lighting controlled by ... 379
Bloom shears, electrically driven ... 540
Blow torch, new* ... 802
Blowers' new electric forge and high-pressure* ... 138
Boat propulsion, wireless* ... 382
Boat, wireless-operated ... 1245
Boiler, Krupp's water-tube* ... 1148
Boiler record, exceptional ... 378
Boiler rules, standard ... 1038
Boiler tests of coal quality inadequate ... 1349
Boiler units at Detroit Edison plant, tests of large ... 731, 1038, 1234
Boilers, hydraulic testing versus visual inspection of ... 1351
Boilers, feed-water regulator for steam* ... 439
Boilers, prevention of scale in ... 333
Boilers, tests of large-central station, by D. S. Jacobus ... 731, 1038, 1234
Boilers under hydrostatic pressures, strain measurements on, by James E. Howard ... 1235
Bolt factory, electricity in* ... 977

Book Reviews—
A Handbook of Wireless Telegraphy, by James Erskine Murray ... 944
Copper Handbook, by Horace J. Stevens ... 944
Electric Central-station Distribution Systems, by H. B. Gear and P. F. Williams ... 944
Electric Traction and Transmission Engineering, by Samuel Sheldon and Erich Hausmann ... 944
Electroplating, by Henry C. Reetz ... 696
High-Frequency Currents, by Noble M. Eberhart ... 184
Lamps and Shades in Metal and Art Glass, by John D. Adams ... 1145
Mechanical Engineering, by Charles M. Sames ... 696
Medical Electricity and Roentgen Rays, by Sinclair Tonsey ... 1344
Monoplanes and Biplanes, by Grover C. Loening ... 184
Practical Applied Electricity, by David Penn Moreton ... 780
Questions and Answers for Automobile Students and Mechanics, by Thomas H. Russell ... 184
Smithsonian Physical Tables, by F. E. Fowle ... 1344
Storage Batteries, by A. E. Watson ... 184
Straight Line Engineering Diagrams ... 696

SEP 12 1912

116688

Book Reviews—*Continued.*
Testing Electromagnetic Machinery.... 696
Testing of Electrical Machinery, by J. H. Morecroft and F. W. Hehre..... 1344
The Elements of Electrical Transmission, by Olin Jerome Ferguson..... 1145
The Foundations of Alternate Current Theory, by C. V. Drysdale..... 184
The Principles of Electrical Engineering, by Harold Pender..... 944
The Principles of Electro-Deposition, by Samuel Field..... 184
The Propagation of Electric Currents in Telephone and Telegraph Conductors, by J. A. Fleming..... 1344
The Telegraphic Transmission of Photographs, by T. Thorne Baker..... 944
Three-Phase Transmission, by William Brew 696
Ventilation of Electrical Machinery, by W. H. F. Murdock..... 696
Books for stimulating use of electrical energy and equipment, two good..... 934
Boring machine, "Ideal"*..... 1101
Boring tools for wiremen*..... 1000
Borneo, wireless stations in..... 229
Boston & Eastern Electric Railroad Company, triumph of (E)..... 51
Boston & Maine electric locomotives*.... 799
Boston Edison Company buys land..... 785
Boston Edison Company displaying novel photograph* 527
Boston Electric Vehicle Club..... 1068
Boston Elevated orders car bodies..... 239
Boston Elevated Railway, equipment for*.. 653
Boston, railway merger in..... 567
Boston's water supply, electric power development from 782
Boulevard lighting systems, by G. A. Doeller 260
Braking, counter-current 1137
Brazil, large hydroelectric plant for..... 583
Breakdown service, some phases of (E). 451
Breakdowns of electric machinery (E).. 963
Brewers' exposition, electricity at..... 822
Brick plant, Stockton fire enamel*..... 133
Brick works, electric power for.....183, 232
Briquets, lignite..... 266
Bristol (Tenn.) Gas & Electric Company, new building of*..... 320
British Association for the Advancement Science, Portsmouth meeting of..... 627
British Electrical and Allied Manufacturers' Association 1068
British telephone transfer..... 225
Bronze, chromax 387
Bronzing cast iron..... 1147
Brooklyn Edison Company, big power business by 1039
Brooklyn Edison Company makes wiring proposal to contractors..... 322
Brooklyn Edison Company secures large contracts 691
Brooklyn Edison Company, welfare work of 1242
Brooklyn Edison service replaces isolated plant 688
Brooklyn Engineers' Club..... 1269
Brown-Lipe-Chapin Company, factory illumination of, by Roscoe Scott*..... 585
Brunots Island power plant..... 19
Buckeye summer convention 488
Buenos Ayres, central station in*..... 671
Buffalo General Electric Company, new building for* 267
Building contractor, electricity helps..... 432
Building for small manufacturers, model Baltimore* 538
Bureau of Mines, electrical section of..... 168
Bureau of Mines, electrical section of (E).. 153
Bureau of Mines, recommend appropriation for 1116
Bureau of Public Efficiency, Chicago (E).. 402
Bureau of Standards examination, United States Civil Service Commission..... 722
Busbar supports and cable-end bells, new designs of* 803
Busbars, aluminum 333, 637
Business getting, new, by Parker H. Kemble 17
Business in small towns, promotion of, by George D. Slaymaker 15
Business of office buildings, stores and hotels, securing light and power, by E. W. Lloyd 730
Business on a business basis, doing big (E) 818
Byllesby Company acquires new property.. 1291
Byllesby convention, program for..... 1318
Byllesby employees, 1912 convention of..... 704

C

Cable cars use electric power, San Francisco 647
Cable connectors for automobile lighting circuits* 238
Cable, interesting submarine 1148
Cable joints on underground high-tension lines* 139
Cable lines leased by Western Union..... 629
Cable, new Australian submarine..... 525
Cable, 130,000-volt* 946
Cable rates lowered, trans-Atlantic..... 1220
Cable-testing instruments* 1149
Cables, method of measuring effective capacity of high-tension, by D. M. Terwilliger 1171
Cactus for telephone poles 900
California, electrical properties in..... 404
California passes utility law..... 1345
California, public utility laws in..... 820
California State Association of Electrical Contractors, convention of 204
Canada, electrochemical and electrometallurgical developments in, by S. Dushman 684
Canadian Electrical Association, convention of 16, 718
Canadian electrical properties, large merger of 358
Canadian Fairbanks Company and its subsidiaries unite 392
Canadian Industrial Exhibition, showing of home uses of electric current*..... 319
Canadian Pacific Railway, proposed electrification of 982
Canadian water powers 622
Canadian wireless agreement 820
Canadium, a new element of the platinum group 1270
Canal, excavating by electric power on Champlain barge* 385
Candee, Willard L.*..... 1069
Candlepower and voltage..... 997
Candlepower at different wave-lengths, power equivalent to one..... 852
Candy factory, electricity in..... 648
Cannon Falls dam and the Rapidan hydroelectric station, proposed transmission line to connect 1291
Capacities and inductances, measurement of, with Thomson double bridge, by S. J. Barnett* 1222
Capacities of condensers with kerosene for dielectric, limit of Wheatstone bridge for measuring, by S. Herbert Anderson* 1181
Car advertising in Boulder, Colo., street... 525
Car, Edison-Beach storage battery, by Ralph H. Beach 52
Car for Pekin, Ill., Gould storage-battery.. 1204
Car for San Francisco railroad, gas-electric* 334
Car-Lighting Club, Chicago.....670, 889, 1318
Car lighting, cost of French..... 130
Car lighting, cost of French railway companies' 379
Car, long trip by interurban private..... 686
Car, special transformer* 288
Carbon electrodes shipped to Canada, duty on 135
Carbon lamps, cheapening of..... 741
Carbon, melting 205
Carbon, transformation of, into graphite, by W. C. Arsem 683
Carpets, electrically heated 606
Cars, gas-electric motor, by W. B. Potter.. 52
Cars, street, economical care and maintenance of, by Jack Abbot..... 74
Cars to be ferried across Ohio River, electric 474
Cast iron, bronzing 1147
Castle, electric lighting of Carnarvon..... 225
Celestial electric phenomena..... 1221
Cell, Benko* 186
Cement, electric power in making*..... 796
Cement limestone, electric cutting machines for* 694
Cement manufacturers, advantages of electricity to, by J. D. Porter..... 1235
Cement plant, electrical power in, by F. H. Lewis 1235
Cement plant, motor installation in Allentown (Pa.) 1138
Cement poles, tubes and pipes, new process for making steel-reinforced..... 192
Central Colorado Power Company, by J. T. Hanscom 62
Central Electric Railway Association, meetings of 356, 467, 964, 1182
Central Georgia Power Company, plant of* 159
Central-station advertising 85
Central station and the contractor (E).... 250
Central station back of the electric vehicle, by E. S. Mansfield 775
Central-station business in suburbs of Chicago, by John G. Learned..... 829
Central-station business in Wichita, Kan., increasing 849
Central-station conditions in Sioux Falls improved 470
Central-station co-operation with contractors shown in N. E. L. A. policy..... 1243
Central station, development of modern, by Charles P. Steinmetz*..... 20
Central station, development of power business by small* 987
Central-station employees, California school for 84
Central-station exhibit, profitable*..... 1040
Central station from consulting engineer's viewpoint, by James R. Cravath..... 13
Central-station heating, by John Hornung 460
Central station heating, by E. J. Kiefer... 589
Central station in Buenos Ayres*..... 671
Central-station industry, advantages of publicity to, by Glenn Marston..... 16
Central-station industry, development of, by H. M. Byllesby..... 1166
Central-station management, some notes on, by Wills MacLachlan..... 17
Central-station, new business methods for small, by Arthur Gunn..... 987
Central-station practice, comparisons of (E) 251
Central-station practice, labor costs and load-factor in, by C. L. Herrick..... 423
Central-station publicity, by Glenn Marston 16
Central-station service for St. Louis postoffice, by C. T. Hadley*..... 377
Central-station service, defects in (E)..... 1265
Central-station service in agricultural communities (E) 1266
Central-station service for wood-working plants 182
Central-station service supplied to Denver mint 527
Central-station service versus isolated plants, by T. E. Spence..... 592
Central station should take over isolated plant, why the, by Waldo Weaver.... 259
Central-station steam heating (E)..... 450
Central-station system, extensive Bavarian 648
Central station, Yukon 173
Central stations and manufacturers, co-operation between, by C. F. Scott.... 18
Central stations for farming communities (E) 714
Central stations, record systems of modern, by O. B. Reemelin..... 259
Cerium, properties of, by Alcan Hirsch.. 685
Cervara generating station, by C. L. Durand* 410
Chafing dishes and frying pans, electric (E) 1202
Champion door-opener* 1350
Characteristics of metal lamps and meter registration 1285
Chicago & Milwaukee Electric Railroad to reorganize 673
Chicago & Milwaukee line to be sold..... 777
Chicago & Northwestern Railway Company, new Chicago passenger station of* 359
Chicago & Oak Park Elevated Railroad in receiver's hands 1020
Chicago, arc-lamp equipment for..... 302
Chicago automatic telephone to control long-distance company 1143
Chicago Bureau of Public Efficiency (E).. 402
Chicago Car-Lighting Club.....670, 889, 1318
Chicago committee on electrification..... 109
Chicago committee report on smoke abatement and electrification..... 1165
Chicago Electric Club 156, 204, 252 620, 668, 773, 829, 870, 966, 1068, 1220
Chicago Electric Club's luncheon to American Institute of Electrical Engineers* 69
Chicago Electrical Credit Association, annual dinner and meeting of*.....964, 1076
Chicago electrical show postponed..... 780
Chicago, electrolysis investigation in..... 252
Chicago Elevated Railways..... 252
Chicago Elevated Railways, new officers for 300
Chicago municipal commission on beauty in public utilities..... 780
Chicago municipal congress.....556, 668
Chicago railway service, to improve..... 406
Chicago River, street-railway tunnels under 110
Chicago Sanitary District, annual report of electrical operations of..... 184
Chicago Section, American Institute of Electrical Engineers, joint meeting with Electrical Section, Western Society of Engineers 820, 916, 1126
Chicago Section, Illuminating Engineering Society 889, 1070, 1318
Chicago Signal Club.....764, 1022
Chicago street-railway merger..... 89
Chicago subway board named..... 252
Chicago subway report, initial..... 966
Chicago telephone employees hold picnic.. 440
Chicago telephone returns..... 527
Chicago's new automatic telephone system* 1223
Chile, railway electrification in..... 1304
China and glass, electroplating..... 749
China, telegraph extension in..... 181
Chinese railway electrifies..... 1199
Chlorine plentiful, electrolytic..... 647
Christiana, electric energy for..... 1248
Chromax bronze 387
Chucks, magnetic* 749
Church, modern illumination in English.. 379
Church steeple, cross of electric lights on 302
Cigar lighter, new electric*..... 898
Circuit-breakers, automatic, by Stephen Q. Hayes* 417, 464
Circuit-breakers, outdoor-type oil*.....337, 746
Circuit-breakers, tests of oil, by E. B. Merriam 54
Circuits, distribution, improving (E)..... 1162
Civic progressiveness, an example of (E).. 555
Clamp without bolts, guy*..... 751
Clarkson School of Technology, commencement of 108
Cleveland agitators ask three-cent light.. 1020
Cleveland, commission control in..... 822
Cleveland Electrical League..... 964
Cleveland Electrical League gives big smoker 1220
Cleveland, electric ore-handling plant for.. 1318
Cleveland lighting rates reduced..... 156
Cleveland municipal lighting-plant affairs 672
Cleveland, railway situation in..... 356
Cleveland Section, American Institute of Electrical Engineers 918
Cleveland traction changes..... 110
Cloth pinions 748
Coal consumption of London railways.... 694
Coal, cost of anthracite..... 1352
Coal, escape of gas from..... 11
Coal, exports of..... 1202
Coal exposed to air, slow alteration and spontaneous combustion of, by M. Lécrivain 82
Coal for firing steam boilers, using waste. 932
Coal, importance of character of ash in.... 848
Coal, imports of..... 1180
Coal in storage, deterioration and spontaneous heating of, by Horace Porter and F. K. Ovitz..... 1239
Coal, loss in, due to storage..... 1185
Coal mines, use of electricity in, by W. A. Thomas 930
Coal, Ohio's production of..... 1194
Coal, oil used in place of..... 468
Coal output, increase in Maryland's..... 514
Coal output, increase in Ohio's..... 697
Coal output increasing, Virginia..... 1074
Coal output, Indiana..... 452
Coal output large, Illinois..... 633
Coal output, Pennsylvania..... 1280
Coal, Pennsylvania 470
Coal production, Alabama..... 829
Coal production breaks record, United States 530
Coal production in Illinois..... 1129

Coal production in Iowa..... 582
Coal production in Tennessee..... 670
Coal production in United States..... 1125
Coal production of Kansas.....776, 1086
Coal production of Oklahoma decreases.. 629
Coal production, growth of the..... 1316
Coal quality, boiler tests of inadequate.... 1349
Coal sampling by purchaser and dealer.... 378
Coal, spontaneous ignition of, by E. A. Harman 1241
Coal valuations, enormous..... 480
Coal, world's production of..... 1172
Coaling at sea by means of electricity.... 385
Coils, aluminum traction..... 1256
Coke ovens, electric power for..... 694
Collier, electrically propelled..... 647
Colliery, 110,000-volt transmission system of German* 846
Colorado electrical show..... 254
Commercial department, necessity of, by A. H. Jones..... 74
Commercial Section, National Electric Light Association* 737
Commercial Section, National Electric Light Association, Residence-Business Committee of 1187
Commission news from Connecticut..... 1257
Commission news from Los Angeles..... 753
Commission news from Michigan..... 1305
Commission news from New Jersey..... .....241, 1305, 1353
Commission news from New York..... 41, 93, 145, 193, 241, 289, 342, 393, 441, 489, 541, 609, 657, 705, 753, 805, 857, 905, 953, 1005, 1057, 1103, 1153, 1205, 1257, 1305, 1353
Commission news from Ohio..... .....145, 342, 657, 1257, 1305
Commission news from Washington..... 193
Commission news from Vermont..... 489
Commission news from Wisconsin..... .....41, 145, 241, 289
Commonwealth Edison Branch, National Electric Light Association..716, 1166, 1222
Commonwealth Edison Company buys land 502
Commonwealth Edison Company, new Northwest station of*..... 559
Commonwealth Edison Company, new power station of (E)..... 554
Commutation and its application to interpole machines, theory of, by B. G. Lamme 826
Compass, Sperry gyroscope..... 952
Compressed-air plant in Hamburg telephone exchange 991
Concrete, electrolysis in..... 454
Concrete, electrolytic corrosion in, by C. E. Magnusson and G. H. Smith..... 64
Concrete-pole lines, modern American, by Frank C. Perkins*..... 376
Concrete construction plants, uses of the electric motor in 1352
Concrete pole, test of reinforced..... 993
Concrete telegraph poles for Pennsylvania Railroad, reinforced 695
Concrete, use of reinforced*..... 687
